- **Choosing Search Terms**
  - Use specific search terms that are closely related to your research topic
  - Include alternative words and abbreviations
  - Avoid words that are too general
- **Use Boolean Operators**
  - **AND**
    - Finds documents that contain ALL of the terms
    - Use this when the terms must appear and may be far apart from each other
    - Example: "Geographic Information System" AND urban sustainability
  - **OR**
    - Finds documents that contain any of the terms
    - Use OR when at least one of the terms must appear (such as synonyms, alternate spellings, or abbreviations)
    - Example: micromouse OR picomouse
    - Example: "S. W. Hawking" OR "Stephen W. Hawking" OR "Stephen Hawking"
  - **NOT**
    - Excludes documents that include the specified term from the search
    - Use NOT to exclude specific terms. This connector must be used at the end of a search.
    - Example: "particle collisions" AND NOT theoretical
- Users can combine terms using Boolean operators AND, OR and NOT. Users can also group terms using parentheses; multi-level nesting is supported.
  - Example: ("black hole" OR radiator

## CITATION STYLES

How you format your reference depends on citation style you use e.g., APA, Chicago, IEEE, MLA, Harvard, Oxford and many more.

You should follow the referencing style required for your particular assignment, or as set out by your lecturer or faculty.

**Note: APA Style update (7th ed.)**

Citation Style Format - APA 7th

4.1 Introduction

The Publication Manual of the American Psychological Association (6th ed., 2010) is used as the guideline in citing and crediting sources. Students are advised to refer to the publication manual for any further explanation of the APA Style.

All the references cited in the text must be provided in the reference list at the end of the thesis. The list of sources cited should be compiled based on the ALPHABETIC-YEAR system and listed according to alphabetical and chronological order. **If more than one reference by the same author were cited, these references should be listed chronologically.**

References should be typed single spaced within entry and 1.5 line spacing between

## GUIDE TO MENDELEY MANAGING AND ORGANIZING YOUR REFERENCES

This session introduces Mendeley, free software that can help you collect, organize and format your references, citations and bibliographies.

It is aimed at beginners with no prior experience of using Mendeley.

### Recommended For

Researchers starting their literature review, and those with no prior experience of using Mendeley.

### Objective

To introduce Mendeley as a tool for collecting, storing and managing bibliographic references and formatting citations and bibliographies.

### Learning Outcomes

Participants will be able to:

1. Import references to Mendeley from various online sources and manually add items
2. Effectively organize references in Mendeley library
3. Insert references into Word documents during the writing process
4. Cite and format references according to appropriate referencing styles

**Abstract:**  
Technological applications have increasingly improved the quality of services in the logistics industry. However, the adoption of internet-based technologies has increased the attack surface in the logistics environment. Such attacks could negatively impact both logistics and overall supply chain performance. This paper reviews studies on measures that enhance cybersecurity in logistics and supply chain management. Several key findings and potential research directions are presented in relation to research on cybersecurity in logistics and supply chain management. These findings are: (1) Existing studies rarely use real-cyber...

### Modenisasi Bahasa Melayu dalam kalangan Gen Z

Oleh: Norhafizah Hashim

Bahasa merupakan tunjang kepada pembentukan dan pembinaan tamadun. Kemelegan tamadun Melayu bermula pada abad ke-14 sewaktu zaman kegemilangan Kesultanan Melayu Melaka. Bahasa Melayu telah menjadi *lingua franca* bagi penduduk tempatan dengan saudagar-saudagar asing yang berdagang di Selat Melaka. Kemudiannya Bahasa Melayu telah diangkat menjadi bahasa kebangsaan menurut Perlembagaan Persekutuan 1957 dalam Perkara 152. Kini, Bahasa Melayu merupakan bahasa kelima yang terbesar di dunia yang mencatat lebih 300 juta peminat.

Namun, dengan kepesatan teknologi komunikasi media massa yang telah berkembang sejak
